

USER CHARGES FOR IOE FUNDED 600 MHz NMR SPECTROMETER (CENTRAL FACILITY)

(subject to periodic revision)

1. All NMR users will be expected to bring/send their own NMR tubes and solvents (deuterated). The facility will charge extra for solvents and NMR tubes.
2. Rates are exclusive of GST. 9% CGST and 9% SGST for users within Maharashtra, and 18% IGST for users outside Maharashtra will be added to the total user charges.
3. 12 hour slots will be overnight slots exclusively. 24 hour slots will be on weekends preferably. These will be assigned based on availability and in order of online requests. 12 hour and 24 hour slots will be used to run experiments on a single sample only (multiple measurements on the same sample possible). The longest booking slot is 24 hours at a stretch.
4. Booking should be done via the online portal only. No personal requests will be entertained. Slots will be assigned based on availability and in order of online bookings.
5. For Variable temperature measurements, please contact and confirm beforehand for slots before booking – Liquid nitrogen charges extra. Currently, for low temperature measurements, a liquid nitrogen exchanger is available.
6. The same amount will be charged if experiments are run for less than 1 hour (only applicable for external academic/national R&D and industry samples).
7. For external users: Results will be shared only after payment is received
