Connected and Autonomous Vehicles (CAV) at IIT Bombay

Driving Innovation Together: Transforming Vehicle Technologies for India

### 15th February 2025, 10:00 AM – 5:00 PM @ IIT Bombay

About the Event

Join us in shaping India's first-of-its-kind R&D ecosystem for Connected and Autonomous Vehicles (CAV). This event will bring together industry leaders and academic researchers to collaborate on scalable, innovative solutions tailored to India's unique challenges and with a global impact.

THE AIM IS TO:

UNDERSTAND

- Learn our vision for an R&D ecosystem dedicated to CAV.
- Explore how advanced testbeds enable scalable innovations.
- Understand your role in shaping technologies for India and global markets.
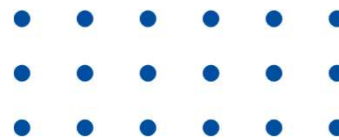

SHARE

- Exchange insights on industry needs and innovation gaps.
- Learn from successful industry-academia collaborations at IIT Bombay.
- Share ideas for globally scalable, locally relevant solutions.

DISCUSS

- Identify ways to align your organization with emerging CAV standards.
- Co-develop affordable, market-ready technologies.
- Shape pathway to accelerate innovation from prototypes to market-ready solutions.

By joining, you can:

- Network:
  Connect with like-minded individuals and organizations.
- Collaborate:
  Discuss together to explore a Global Consortium for Advanced Vehicle Technology.
- Contribute
  Play a vital role in shaping a scalable solutions for Indian and global markets.

Register and Info at

Office : Ms. Tanvi Mehta | Ph: +91 22 2159 3903 | Email: tanvi.mehta@iitb.ac.in
Faculty: Prof. Archak Mittal | Ph: +91 78499 87203 | Email: archak@iitb.ac.in

Event Highlights:

Breaking the perception that IIT Bombay is solely an educational institute — we are a hub for innovation, cutting-edge research, and global impact beyond just awarding degrees!

➢ **Visionary Keynote & Success Stories**: Insights from IIT Bombay's leadership and a showcase of cutting-edge research and impactful industry partnerships.

➢ **Collaboration Pathways**: Explore frameworks for industry-academia synergy in advanced vehicle and transportation technologies.

➢ **Lab Showcases**: Experience state-of-the-art facilities driving innovation in Connected and Autonomous Vehicles (CAV).

➢ **Industry Insights & Strategic Discussions**: Thought leaders and stakeholders define the future roadmap for CAV technologies.

➢ **Milestone Launch**: Unveiling a First-of-its-Kind R&D Center for CAV Development to address global needs.

Shaping the Advanced Vehicle Technologies in India:

Partnering with Industry for Connected and Autonomous Vehicles (CAV) R&D at IIT Bombay
