Industry Day

on

Novel Alternative Models in Drug Discovery

Innovation, Translation, and Integration

12th June, 2026

This Industry Day will bring together researchers, industry, and policymakers to discuss engineering advances, validation, and adoption of in vitro models. It aims to foster collaboration and accelerate the development of scalable, predictive platforms, positioning India in the global shift toward ethical, human-relevant drug discovery.

Engineering In
Vitro Systems:
Past, Present,
and Future

Trust,
Validation,
and Decision-
Making: When
Are In Vitro
Models Good
Enough?

Economics,
Scale, and
Policy
Integration of
In Vitro
Models

SESSIONS

12th June 2026
Friday

Lecture Hall No. 22
Second Floor, VMCC
IIT Bombay
