PARTNER WITH US
AUGUST 2021

INDIAN INSTITUTE OF TECHNOLOGY BOMBAY
Benefits of Partnership

- Sponsor Laboratories, Students
- Solve Specific Problems
- Train Industry Personnel
- Carry Out Industry Relevant Research
- Form Consortia

INDUSTRY

- Deploy IIT Bombay IPs
- Support Basic Research for Knowledge Creation
- Visits of Scientists and Engineers
- High-Tech Spinoffs
- Human Resource Development
Director’s Message

IIT Bombay is well known for its engagements in research, technology development, education, training and related activities in most areas of science, technology and design. Today, it is the principal hub of academic excellence in the country and is rated at par with some of the best institutions in the world. IIT Bombay attracts the brightest students in its academic programs and boasts of an excellent pool of very dedicated faculty members. It has been recently declared as an ‘Institution of Eminence’ by the Ministry of Human Resource Development, Government of India.

IIT Bombay has 27 academic units encompassing a range of disciplines that include traditional science and engineering, management, humanities, social sciences and design. The Institute has consciously nurtured interdisciplinary areas such as industrial engineering and operation research, systems and control engineering, urban science and engineering, education technology and climate studies. Institute’s current student population is about 12,000 of which ~60% are enrolled in post-graduate programs and provide a strong impetus to research activities. This is visible in various metrics of R&D such as number of publications, patents and funding.

IIT Bombay is mindful of the needs of society and country at large, and develops technologies / products that improve the quality of life for both urban and rural population. Among others, Tata Centre for Technology and Design (TCTD) and Centre for Technology Alternatives for Rural Areas (CTARA) have made significant progress in developing technologies that cater to the needs of people at the bottom of the pyramid.

IIT Bombay has a thriving entrepreneurship ecosystem thanks to its very successful technology business incubator, SINE. The Entrepreneurship Cell and Desai Sethi Centre for Entrepreneurship are other entities that provide further support. The Institute has reaped rich dividends by promoting on-campus entrepreneurs and start-ups. Some of these start-ups have graduated and become role models in their respective domains.

IIT Bombay has ongoing interactions with a large number of industries and public sector organisations through a variety of modes that include providing solutions to specific problems through short term consultancy projects, medium to long term sponsored research projects, endowments, student sponsorship, etc. Continuing Education Program is another useful platform of academia-industry collaboration whereby IIT Bombay designs and imparts customised training programs to industry personnel based on their requirements. The Institute is committed to partnering with Industry in its endeavour to promote research that makes a difference.

Prof. Subhasis Chaudhuri
IIT Bombay Research Park

Facilitates establishment of an innovation hub inside IIT Bombay through industry-academia collaboration
Joint IIT Bombay - Industry Research & Development groups for stronger impact

info@iitbresearchpark.com
Tel: +91 22 2572 0292
www.respark.iitb.ac.in

Continuing Education Program (CEP)

Assists working professionals in widening their knowledge base and improving their skills
Single point contact for all courses and industry specific programs

pic-cep@iitb.ac.in
Tel: +91 22 2576 7006
www.cep.iitb.ac.in

Society for Innovation and Entrepreneurship (SINE)

SINE is the technology business incubator at IIT Bombay
A platform to support technology start ups founded by IIT Bombay community or are based on IIT Bombay technologies

sine@sineiitb.org
Tel: +91 22 2576 7016
www.sineiitb.org
Promote and strengthen engagement with the Alumni and Corporations
Manage utilisation and enhancement of the Institute’s endowments and gifts from well-wishers

IIT Bombay Development & Relations Foundation (IITB-DRF)
Foster lifelong relationship with alumni, friends and organisations that results in goodwill and philanthropic engagement

dean.acr.office@iitb.ac.in
Tel: +91 22 2576 7023
www.iitb.ac.in/alumni/en

cdo@iitb.ac.in
Tel: +91 22 2576 4881
www.iitbdrf.org

Create and maintain an environment, including research infrastructure and support staff for R&D
Facilitate collaboration, both within and outside the Institute
Liaise with funding agencies and industry, provide support for MoUs and agreements
Exploit IIT Bombay R&D through licensing and commercialisation
Provide administrative support for R&D

Dean (Research and Development)
dean.rnd.office@iitb.ac.in
Tel: +91 22 25767039
www.ircc.iitb.ac.in

Responsible for campus placement, student internships at IIT Bombay
Excellent infrastructure and student volunteer teams to coordinate activities

Placement Office
placementcell@iitb.ac.in
Tel: +91 22 22576 7092
www.placements.iitb.ac.in

Course curriculum, academic programs
Student sponsorships and fellowships

dean.ap.office@iitb.ac.in

IIT Bombay Placement Office
R&D Projects at IIT Bombay

Industrial Research and Consultancy Centre (IRCC) at the office of the Dean (R&D) is the nodal unit responsible for managing and coordinating all activities related to research and development at the Institute. It has streamlined processes for financial, manpower and intellectual property management. IRCC has also initiated many schemes for incentivising and supporting researchers. It facilitates interactions with various external agencies for funding and licensing activities.

Consultancy Projects

- Short term projects to solve specific problems of industry
- Scope of work and deliverables are well defined

Sponsored R&D Projects

- Long term projects for new knowledge generation in current, emerging and futuristic areas
- Deliverables may include IP generation, manpower development and publications
Some examples of collaborative research

Sponsored Research Laboratories at IIT Bombay

A research facility / laboratory sponsored by an industry in an area of interest, helping build the infrastructure at IIT Bombay.

Such facilities and laboratories will be shared with the sponsoring industry and may also be open to others on a case-to-case basis.

1. **Forbes Marshall Energy Efficient Lab** – a resource centre to enable implementation of industrial energy efficiency and collaborative research

2. **Cummins Engine Research Facility** – Integration of new engine and renewable fuels technologies

3. **Applied Materials Manufacturing Laboratory** to promote research in nanoelectronics, nano-manufacturing and solar photovoltaic technology

4. **Parimal and Pramod Chaudhari Laboratory** for cell culture funded by Praj Industries, Pune for drug discovery, nanotechnology and microfluidics applications

5. **SrijaTI - TI Innovation Laboratory** for academic and research in analog IC applications, power management and embedded systems
Models for IP commercialisation at IIT Bombay

Collaborative development and licensing

- Joint ownership of IP
- First option for exclusive licensing
- IP ownership to industry on mutually agreed terms

Licensing of IP generated in the Institute

- IP generated through academic / unrestricted sponsored research
- Exclusive or non-exclusive license (preferred) offered to interested Industries

Incubation / Entrepreneurship

- Through Society for Innovation and Entrepreneurship (SINE), the technology business incubator of IIT Bombay
- IIT Bombay IP taken up in the start-up companies, promoted by faculty, students and alumni
- IP licensed to incubatee companies
Consortia and Centres of Excellence at IIT Bombay

**Centre for Machine Intelligence and Data Science (C-MInDS)**

- Set up to nurture talent pool in artificial intelligence, data science, and related areas in different application domains

**Nanoelectronics Network for Research and Application (NNetRA)**

- An initiative by Ministry of Electronics & Information Technology (MeitY) to push the frontiers of nanoelectronics through basic research in this field; to engage in nano electronic device and system

**National Centre for Aerospace Innovation and Research (NCAIR)**

- Aims to provide economically viable, sustainable solutions to Indian aerospace manufacturers
- Founding members DST, IITB, Boeing, HAL, NAL

**Solar Energy Research Institute for India and the United States (SERIUS)**

- To accelerate development of solar electric technologies
- Identify and quantify the critical technical, economic and policy issues for solar energy development and deployment in India

**National Centre for Photovoltaic Research and Education (NCPRE)**

- Provides R&D and educational support for India’s ambitious 100GW solar mission
- Funded by Ministry of New & Renewable Energy, GoI

**National Centre of Excellence in Technology for Internal Security (NCETIS)**

- Takes up activities towards developing indigenous technology and self-sufficiency in the areas of Electronics Systems Design and Engineering for the strategic sector of internal security

**Centre of Excellence in Steel Technology (COEST)**

- For R&D in steel technology and creation of high quality manpower for the industry
- Funded by Ministry of Steel, GoI

**TTSL IITB Centre of Excellence in Telecommunication (TICET)**

- Capacity building, design and fabrication, advisory support to industry
- Joint initiative of IITB, Tata Teleservices, Dept of Telecommunication, GoI

**Parimal & Pramod Chaudhari Centre for Learning & Teaching**

- To facilitate and support pedagogy by promoting innovation, evidence-based practices and collaboration
Tata Centre for Technology and Design (TCTD)
Aims to develop solutions to challenges faced by resource constrained communities
Supported by Tata Trusts

Focus Incubation Centre in Technical Textiles (FIC TT)
Initiative funded by Ministry of Textiles, Govt to serve as a translational platform
To work towards disruptive innovation in the field of technical textiles

Biomedical Engineering and Technology (Incubation) Centre BETiC
Integrated facilities for design, analysis, prototyping and testing of medical devices
Funded by DST & Govt of Maharashtra

Industry - Academia Partnership at IIT Bombay
• Partner with IITB through consortia for mutual benefit of all stakeholders
• Enables pooling resources for research in emerging areas
• Industry - Academia - Government consortia also possible

Few examples:
• R&D partnership with industry to nurture talent pool in artificial intelligence and data science through C-MInDS
• IITB, EIL and PSU oil companies partner for capacity building through CoE in Oil, Gas & Energy
• Partnership between banking industry and IITB through Bank of Baroda Innovation Centre
• IITB and Ripple, a fintech company partner through CoE for Blockchain Research
• Industry affiliate program in the area of photovoltaics through NCPRE
• R&D collaboration in the area of propulsion technology through CoPT
• Industry partnership in aerospace innovation and research through NCAIR
• IITB, TCS and TCE consortia to offer software services for the power sector, to realise sectorial and organisational efficiencies
• Partnership between academia, hospitals and Industries in the healthcare domain through Healthcare Research Consortium
• Membership for R&D collaboration at CoEST in the area of steel technology
• Corporate affiliate program for research and technology development in bioengineering through Wadhwani Research Center for Bioengineering (WRCB)
• Research and outreach in AI, ML, Decision Sciences and Optimization through Technocraft Centre for Applied Artificial Intelligence (TCA2I)
• Collaboration in clinical applications, healthcare data management, healthcare analytics, healthcare AI/ML, consumer health, public health and public policy through Koita Centre for Digital Health
Academic Disciplines at IIT Bombay

Engineering
Mechanical, Civil, Electrical, Computer science, Aerospace, Metallurgy and materials science, Chemical

Education Technology
Research and education in the area of technologies to promote the learning-teaching process

Pure Sciences & Mathematics
Chemistry, Physics, Mathematics, Applied statistics, Biosciences

Nanotechnology & Biomedical engineering

Systems and Control
Nonlinear control, robotics, embedded systems, coordination of autonomous vehicles, combinatorics, modelling and optimization of stochastic processes

Industrial Engineering and Operations Research (IEOR)
A blend of theory, modelling and application, draws from traditional as well as modern areas of operations research, together with a systems view derived from long-standing principles of industrial engineering

Design
Industrial design, Visual communication, Animation, Interaction design, Mobility and vehicle design

Policy studies

Healthcare Informatics
Research Infrastructure at IIT Bombay

The institute provides high end infrastructure facilities and laboratories to support research activities. These facilities are open to external agencies as well.

Bio-Atomic Force Microscope  Molecular Beam Epitaxial Growth System

Fluorescence Activated Cell Sorting  High Resolution Mass Spectrometer

High Resolution XRD System  Environmental Scanning Electron Microscope
High Resolution Liquid Chromatography

Scanning Probe Microscopy Facility

Field Emission Gun Based TEM

Confocal Microscope Facility

Protein Crystallography

MALDI-TOF

Surface Plasmon Resonance

Microarrayer

Cryo High Resolution Transmission

Nuclear Magnetic Resonance

Multi Frequency Electron Paramagnetic Resonance Spectroscopy

SQUID Vibrating Sample Magnetometer
Exchange Visits

IIT Bombay faculty at Industry

- Sabbatical like visit
  - May, June, December
  - Primarily for ice breaking:
    » Interact with R&D staff
    » Seminar / lecture
    » Site tour
  - Not for consultancy

Other types of visits

- Any time of the year
- Customise
  » Frequency of visit
  » Duration of visit
  » Scope of work

Industry personnel at IIT Bombay

- Frequency / duration flexible
- NDA prior to visit
- Industry responsibility
  » Health / accident insurance
  » Salary / remuneration
  » Accommodation / transport

Student Internship

- Credit based internship
  » In a core industry
  » Faculty mentor from IIT Bombay
- Non-credit based

Industry Scientists & Engineers

IIT Bombay Faculty & Students

IIT Bombay students on a visit to United Phosphorous Ltd.
Industry Sponsorships and Fellowships at IIT Bombay

Sponsored PhD and Masters Program
- Objective is to jointly promote research and manpower development
- Industry can sponsor students to work in an area of its interest
- Sponsorship includes monthly stipend (amount not less than that given by Government of India funding agencies) and a contingency grant
- Industry may define project scope
- Flexible IP norms

Prime Minister Fellowship
- Scholarship from GoI as per norms
- Additional matching amount from partnering industry
- Duration of the Fellowship is four years
- Up to 100 new Fellowships are provided every year

2+1 Year MTech model:

<table>
<thead>
<tr>
<th>Year</th>
<th>Course Work</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 1</td>
<td>Course Work</td>
</tr>
<tr>
<td>Year 2</td>
<td>MTech project working on a research problem identified by Industry; Student will graduate with MTech degree</td>
